Things to Know

About Howling Night Run

This is a timed Halloween themed event occurring in the dark. Come in costume or come as you are! You may run or walk the 5K course and you will have 1.5 hours to complete it. The 5K course is not lit and headlamps are highly recommended.

This event is considered appropriate for children. Only a parent knows their child and how their child will react to a Halloween themed event with individuals in costume, props and individuals trying to be scary. Each parent must make their own decision of whether or not this event is appropriate for their own unique child.

There is an additional \$6.00 per vehicle park entrance fee.

Exclusions – Including Pets

Skateboards, bicycles, and pets are not allowed on the course.

Sports strollers and sports wheelchairs are allowed. When planning to use a sports stroller or sports wheelchair, it must be selected as a part of your registration or added later through a change request.

Wagons will also be allowed on the course for use by younger children and should be pulled by a parent. When planning to use a wagon, it must be selected as a part of your registration or added later through a change request. As a courtesy to others, if you are planning on pulling a wagon, line up near the end of the start line so others do not have to work their way around you and the wagon.

Personal Information

Participating with inaccurate information in your race entry such as gender and birthdate or participating as someone else affects everyone not just you. Make sure all of your information is accurate including taking steps to transfer your race entry to someone else when needed.

Take a minute to validate the information in your registration confirmation as well as on the monitors or online immediately following the event. Pay particular attention to gender, birthdate and/or age group division and the spelling of your name.

If you identify a discrepancy or need to transfer your entry in advance of the event, view change requests from the homepage and complete a change request. If you identified a discrepancy upon completion of the event, address it at the timing trailer before finalization of results and the start of the award ceremony. If it is after finalization of results, send an email to info@racetimers.com for review to determine what, if anything, can be done to address your concern.

Correctly Wearing Your Bib

Your bib needs to be placed on your front torso unobstructed to ensure you are timed correctly. Do not remove the foam tape covering the timing chip on the back of the bib. Safety pins will be available at registration on the day of the event, if needed.

Avoid congregating around the start and finish line other than when starting or crossing the finish. Congregating near this timing mat after it has been activated may create one or more false positives in your individual timing result, which could cause an error in your individual time requiring reconciliation of your individual record in an attempt to correct it.

If you are not participating and have secured a bib, make sure you do not carry it near the timing mat at the start and finish line. This can cause your bib to be activated and has the potential of placing you into the results as participating in error.

Race Shirt

We do our best to forecast based on the sizes requested by participants during registration at the time shirts are ordered for the event. Requested size is not guaranteed as a part of your registration. If you do not receive the size requested, or you want to change the size you requested, go to registration immediately following the race to see if your request can be accommodated.

You must not wear any shirt you receive, if you want to attempt exchanging it for a different size after the race.

Medical

A first aid kit will be available at the start and finish for minor incidents. If you or someone you are observing needs medical assistance, please notify a race crew member. If you believe you or someone else may be experiencing a life-threatening emergency call 911 immediately.

Water Station

A water station is offered approximately midway through the course to help you keep hydrated and refreshed. There will also be water available at the start and finish.

Toilets

There are several park restrooms and portable toilets available around the park. Please review the [Park Turf Area Map](#) to familiarize yourself with the locations.

Seating

There are plenty of seating areas around the park. Please review the [Park Turf Area Map](#) to familiarize yourself with lit ramadas reserved for the event starting at 6 PM and many additional picnic tables available in the grassy areas of the park. You'll also find a bale of hay or two to sit on.

Bag Check

Bag check is not being offered at this event. Please plan the storing of any personal items accordingly.

Participant Snack & Beverage

Water, witches brew (energy drink), and trick or treat candy will be available to participants at the refreshment table near the finish line after your run or walk while supplies last.

Bringing Guests

Want to bring your friends and family with you as your personal cheerleading squad? No problem!
